4. (A) Read the following passage carefully and answer the following questions : 7

The electricity that you use in your house or in your farm or factory is produced in a power station. There are many ways of producing electricity. You may use the energy of falling water to move a turbine or you may use the chemical energy stored in coal to heat water into steam which moves a turbine. Remember you are only converting here some forms of energy into electricity.

Man has learnt to use various forms of energy to work for him. Electricity runs our trains and moves machines in factories. Oil gives us heat and light and runs our motor cars. All this knowledge has made our life rich and enjoyable.

- (a) What has man learnt to use various forms of energy for ? 1
- (b) What are the ways of producing electricity ? 1
- (c) How do we use electricity ? 1
- (d) What are some forms of energy converted into ? 1
- (e) Arrange the following words in their alphabetical order. 1

Enjoyable, Electricity, Factory, Energy.
- (f) Write four uses that you experience electricity every day. 2

(B) Attempt any ONE of the following :

5

- (a) Write a letter of application for the post of hair dresser to 'Enrich Salon', Mumbai.
